Randall,

Cathy had to get some information from Carl in the morning, so we will get you a revision in the morning. On 2 of Carol's comments/questions about the impact of the landfill not being ready and will cleanup work cease, we don't really know what DOE will do in those cases. We will add something that says what could potentially happen in this case.

Thanks,  
Glenn

I've got a few notes in red, but this is really choppy and doesn't tell a quick, compelling story. It needs to call out the impacts of the delay for us, DOE, the other agencies, even the community. Just sent it separately.

Carol, draft talking points that hopefully capture the practical considerations at ORR. Let me know what you think. Thanks, Randall
